

KASPAR HAUSER and the APOCALYPSE

Festival ~ March 31-April 3, 2022
At Triform Camphill Community and Online

This remarkable Festival is recorded for online viewing! It illumines the being of Kaspar Hauser and shines healing light on the apocalyptic times in which we live.

Some Reflections from Festival Participants

- * I had no idea who Kaspar Hauser was. What a story! I learned so much... It was an inspiring and deeply encouraging time.
- * I have wanted to learn more about Kaspar Hauser for many years and this was my first time to attend a lecture or festival about him. I felt such a sense of reverence and sacredness in the space of the last few days. I was profoundly touched by it all.
- * I really feel so honored to have been able to take part in this, shall I say, holy event, in the presence of the being of Kaspar Hauser, which was able to shine through. It was like being in a mystery center where dark forces were at times were trying to break down windows to disturb - but did not succeed!
- * The building of this House of Kaspar Hauser is a work in progress. It has to be built out of the light that radiates from the hearts of human beings. This house of Kaspar Hauser is a house of healing, a light in the darkness. It is like the Red Cross hospitals in the war zones of our violent and violated world where wounds can heal. In the future it will radiate out over the entire earth..... Something of it already lives in the work of the Red Cross on earth - and I believe in the sanctum of the innermost self of every human beingThere is a little bit of Kaspar Hauser in all of us !.....
